

COMING TO KAMALAYA ITINERARY

Dear Traveler,

To help you get a better Idea of how may traveling within the 'New Normal' rules and regulations be like, we have prepared this sample itinerary. All visitors to Samui must be fully vaccinated by the approved vaccine not less than 14 days before arrival. A negative RT-PCR test not more than 72 hours prior to travelling should be carried along. Travelers can come via sealed transit route connecting in Bangkok, all flights should be booked prior to arrival in Thailand.

Day 1: 1st RT-PCR test on arrival at Samui International airport. Transfer to Kamalaya Koh Samui.

Day 2-4: After receiving the negative results from the first RT-PCR test in Thailand, guests can enjoy leisure, wellness, and dining facilities at Kamalaya, as well as around the island of Samui, Phangan and Tao.

Day 5: 2nd RT-PCR test at the hospital (transfer can be arranged via front desk).

Day 6-7: After receiving the negative results, guests can continue embracing their wellness retreat at Kamalaya or enjoy traveling around Samui visiting its many cultural sights and landmarks, savoring various foods, and relaxing on the beach.

Day 7: Guests will receive the release form from Kamalaya - a SHA+ hotel, to be able to travel further in Thailand.

Day 8: Guests can travel anywhere around Thailand.

Note: To travel around the country, both negative test results and release form should always be carried to be presented at the travel check points.

We look forward to welcoming you at Kamalaya Koh Samui without the need to quarantine!
